

STEPHEN L. CARPINO Senior Associate

Steven Carpino represents Altieri with expertise in the field as he represents the nation as a proud United States Air Force veteran.

Stephen Carpino has been with Altieri since 1984. He has designed environmentally responsible mechanical systems for significant building projects including numerous projects at The Clark Art Institute. He is also a senior member of Altieri's field construction administration team. Steve's responsibilities include conceptual design, production scheduling and coordination, detailed engineering calculations, specification preparation, construction administration, and client interface. As Project Manager on various projects, he is responsible for the execution of design principles established by the Design Lead.
