

Mariusz Zakrzewski has distinguished himself as a formidable electrical systems designer and project manager with particular expertise in thorough field investigation.

Mariusz joined Altieri in 2002. He served as Prime Consultant on numerous large infrastructure projects at the American Museum of Natural History covering 1.6 million square feet. His role in the management of sub-consultants, including architects, structural engineers, landscape designers, and building department consultants, as well as his thorough field investigation and construction administration skills were key factors in the successful completion and commissioning of these projects.

Mariusz's considerable collaboration and team coordination skills have also been key factors in Altieri's success with notable higher education projects such as Prior Performing Arts Center at College of the Holy Cross, New England Conservatory of Music Student Life and Performance Center, and Lewis Law Center at Harvard Law School.

### Education

University of Connecticut, 2002  
Bachelor of Science, Electrical Engineering

### Project Awards

*Most Innovative Project Under \$100M*  
Corning Museum of Glass, Contemporary  
Art + Design Wing and Amphitheater Hot  
Shop, 2020 Architectural Engineering  
Institute

### *Award of Merit*

Corning Museum of Glass, Contemporary  
Art + Design Wing and Amphitheater Hot  
Shop, 2020 Architectural Engineering  
Institute
