

## ANGELICA K. HERMANTO, PE, LC, LEED AP Associate

Angelica Hermanto is an energetic and results-driven electrical engineer with a dedicated commitment to excellence.

Angelica joined Altieri in 2021. She has 23 years of experience and expertise providing power distribution, fire alarm, lighting, and low voltage system designs to a wide range of building types. Angelica also has experience in co-generation and solar design and successfully completed numerous LEED-certified projects. An effective communicator, she leads multi-discipline design teams with passion and an emphasis on collaboration and quality. Angelica is a member of Altieri's Team USA and Women in Engineering group.
